WEBSITE DESIGN SERVICES PRICING

We apologize for any inconvenience this may cause, but Classic City Computing is no longer offering website or graphic design services. We still offer the highest quality computer and network service possible, so please contact us if you need any hardware/software service.

We do however offer fully managed website and database hosting with a **100% uptime guarantee**. Our Windows and Linux hosting servers have redundant power systems, redundant internet providers, and are physically secure in our 24/7/365 monitored facility. Our rates for our fully managed web hosting services start at \$20/month. Please contact hosting@classiccitycomputing.com for a customized quote for your needs.

Thank you for inquiring about our services; we sincerely value our customers.

-Danny Myung, CEO

All prices are subject to change under extreme situations. Please contact us for a more accurate estimate.
